Payment by EFT may be made prior to registration, however payment receipt must be provided with registration form(s). No registration form will be received without either cash payment or payment receipt for the full amount of trial fee, unless a player has entered into a payment arrangement (see 1.4 below), in which case a \$20 deposit must accompany each registration form.

1.2. Payment of Fees

Balance of fees (total fees less trial fee paid at registration) is payable prior to season commencement by EFT only. No cash will be accepted by any Club official.

Cash payment in full of season fees may be made at time of registration only.

1.3. Payment of Uniforms

Fees for uniforms must also be paid prior to season commencement by EFT only. Cash payment for uniforms may be made at time of registration only.

1.4. Payment Arrangement

Players may enter into a payment arrangement for fees and uniforms with the Treasure at the time of registration. Payment dates will be scheduled on a weekly or fortnightly basis for an amount of no less than \$10 per week per player. A \$20 deposit per player is required at time of registration.

Payment arrangements are to be finalised prior to season commencement.

1.5. Default in Payment Arrangement

Should a default occur in the agreed payment arrangement, the amount of the default must be paid at the time the next payment is due, in addition to the current amount due.

The payment plan has been designed to ensure the player(s) is fully financial by season commencement.

1.6. Unfinancial Players at Season Commencement

Any player who has not finalised payment of fees and uniforms at the time of the first match of the season, will be unable to commence playing the season until all fees and uniform payments have been made.
